WARNINGS/CAUTIONS BEFORE STARTING INSTALLATION

Before you install this kit – Read and understand all instructions, warnings, cautions, and notes contained in this installation instruction guide. Consult your vehicle owner's manual for proper disconnection of electrical and lifting of vehicle if required for installation of this product.

This install may require some technical skills and knowledge of basic mechanical work. If you do not feel that you are capable of performing this install please take this product to a trained professional.

After reading this guide please contact us with any questions or concerns before installing product.
Customer Service: 855-680-9595

DV8 Offroad is not responsible for any bodily injury or harm to you or your vehicle as a result of an improper install.

Proper installation of this kit required knowledge of the factory recommended procedures for removal and installation of original equipment components. We recommend that the factory shop manual and any special tools needed to service your vehicle be on hand during the installation. Installation of this kit without proper knowledge of the factory recommended procedures may affect the performance of these components and the safety of the vehicle

- Always wear eye protection when operating power tools

Inspect all contents of this package to make sure product is not damaged and all installation hardware has been included. If parts are missing from kit, please be prepared to provide the following information

1. Name of purchase location
2. Bar Code on side of box
3. Date above bar code
4. Date inside box cover

INSTALLATION MANUAL

Begin by unpacking all items and inspecting for missing pieces or damage. If you have any concerns, please contact the company the product was purchased from. Extra hardware may be included with the product.

HARDWARE INCLUDED

- (1) M10x30mm Bolts
- (1) M10 Lock Nuts
- (1) Rubber Base Plate

STEP 1 | The DV8 7" round LED lights come with the mounting bracket pre-assembled as shown.

Double check that all (4) allen head mounting bracket bolts are secured using a #4 allen tool.

STEP 2 | The DV8 7" round LED light comes with an 4 pin Deutsch plug connector that allows you to wire the LED light to your liking.

The White or Amber halo light will turn off when main light is activated.

- White wire = White Halo
- Blue wire = Amber Halo
- Black Wire = Ground
- Red Wire = Power

Proper Wiring is necessary for safe usage.

INSTALLATION MANUAL

STEP 3 | To mount the DV8 7" round LED light remove the nylon locking nut and thread the provided M10 hardware through your chosen mounting bracket hole/slot ensuring the rubber base plate is kept in place against the lights mounting bracket.

STEP 4 | Use the provided nylon lock nut to loosely secure the LED light in place.

INSTALLATION MANUAL

STEP 5 | Adjust the LED light to your preference. While holding the top of the mounting bolt down use a 17mm socket or wrench to secure the lights nylon lock nut.

STEP 6 | Double check that all mounting hardware is secure.

Congratulations, installation of the DV8 7" round LED light is now complete.
