## WARNINGS/CAUTIONS BEFORE STARTING INSTALLATION

Before you install this kit – Read and understand all instructions, warnings, cautions, and notes contained in this installation instruction guide. Consult your vehicle owner’s manual for proper disconnection of electrical and lifting of vehicle if required for installation of this product.

This install may require some technical skills and knowledge of basic mechanical work. If you do not feel that you are capable of performing this install please take this product to a trained professional.

After reading this guide please contact us with any questions or concerns before installing product.  
Customer Service: 855-680-9595

*DV8 Offroad is not responsible for any bodily injury or harm to you or your vehicle as a result of an improper install.*

Proper installation of this kit required knowledge of the factory recommended procedures for removal and installation of original equipment components. We recommend that the factory shop manual and any special tools needed to service your vehicle be on hand during the installation. Installation of this kit without proper knowledge of the factory recommended procedures may affect the performance of these components and the safety of the vehicle

- Always wear eye protection when operating power tools

*Inspect all contents of this package to make sure product is not damaged and all installation hardware has been included. If parts are missing from kit, please be prepared to provide the following information*

1. Name of purchase location
2. Bar Code on side of box
3. Date above bar code
4. Date inside box cover

# INSTALLATION MANUAL

Begin by unpacking all items and inspecting for missing pieces or damage. If you have any concerns, please contact the company the product was purchased from. Extra hardware may be included with the product.

## HARDWARE INCLUDED

(4) M5x30mm Phillips Head Screws

**STEP 1** | Using your preferred cutting tool, cut away the factory netting, leaving the top elastic band in place.

# INSTALLATION MANUAL

**STEP 2 |** Install the DV8 Rear Seat Molle Pockets by sliding the pockets tabs between the pocket panel and the factory netting trim panel

**Note:** The pocket has to slide under the top elastic band.

**STEP 3 |** Ensure the pocket is fully seated at the bottom of the panel and flush with the green line.

# INSTALLATION MANUAL

**STEP 4 |** Install the mounting tab into the cutout at the bottom of the molle pocket. The tab should lay flush against the plastic. If it is angled, flip the tab around.

**STEP 5 |** Using a Phillips head screw driver and the provided hardware, secure the mounting tab in place.

# INSTALLATION MANUAL

---

**STEP 6** | Double check that the mounting hardware is secure.

Congratulations, install of the DV8 Seat back Molle Pockets is now complete.
